Don't look for the flave as you go through life.
And even when you find them
It is wise soid kind to be somewhat, silled
and hope for the circumstant of the And look for the virtue is hind them.
For the chroliest eight has a birt of light
fininewhere in its shadown hidleg;
It is better by far to hint for a star.
Thus the spc is on the sun abiting.

The current of life runs ever away To the become of God's great cooks.

Don't ast your force ignited the river's course.

And think to alter its motion.

Don't but at the storm with your purp form-that bend and but it go o'er you.

The world will never adjust theif
To suit your which to the letter.
Bone things unset go wrong your chole life long.
And the moment you know it the tetter
It is fully to fight with the Infinite.

And go under at last in the wrentle.
The wiser mas shapes lote Cad's plan
As the water shapes into a vessel.
Ella Wheeler Wilcox in Ladies' Home Journal.

air and bodily exercise. Healthy children are almost constantly in motion,

pleasure to those about it. no foundation be laid for querulousness and general diagreeableans in mature years, which so frequently owe their existance to mismanagement in early life. -Youth's Companion.

Empress Frahrick would become a powerful factor at court if she remained long in England. Her influence has been successfully exerted with the queen to nduce her majesty to allow the Guard's band to play on the east terrace at Windsor castle Surplay afternoons, and she has also obtained the queen's permission for Princess Bastrice to make a lengthy tour abroad. The queen has always indig-matly refused to allow the band to play on the cast terrace, where no unsie has been beard since 1861 until the other day and Princess Beatylee's annual attempts to obtain leaves of absence for an expedi tion through Switzerland had invariably failed, but the Empress Frederick sto-cooled in both cases, and crue people now results that if the empress should cappen to come error text year about Whitaunide she will be able to get the query to patronism Ascot ruces.—London Truth

One cause assigned by several physimany become victims to the opium vice runter the use of antipyrens. for, like Homer, he pictures the most thrilling events in the simplest language. "Here, too, is undisputable proof that there were giants in those days. They were so large and savage that the spec-tators sat in iron cages, and the young men who did combat with them, sometimes riding or possibly driving wild bisons, braved death for victory. Often at these so called games, the con-testants in which sought to pitch each other out of the areas, the overwrought men would often die while running (evi-dently pursuing or fleeing from the giants). Those who survived were often

you then claimed to have fallen under a Finally one reatreet car."
"Yee."

"Do you change your story in every "Most always."

"Well, now, tell me how you really did lose your leg and I'll give you a

"Well, sir, I jumped in front of a mowing machine to save the lives of five or six little children, and while I lost my leg not one of them got a

"Doe't believe it, but here's your ten," said the man as the crowd raised a laugh. -Detroit Free Press.

Billiard Cue Tips. There is a cause of peeviahness in children which requires consideration, and that is the want of sufficient fresh. I dare say there are hundreds of the best players in Pittaburg who know only that the tip is made of leather. As to where and they require proportionately more it comes from, how it is made, or what glaze." This reminds one of the man fresh air and out of door life than do it costs, they are totally ignorant. There who went to an English cost unner to get adults. To shut them up in the house are several grades of the, costing from in badly ventilated and overheated \$1.50 to \$3 per 100. The \$1.50 kind are very reconstinevitably makes children pser-inferior and are not used in first-class man call up to his assistant, "Arry, ish when they would otherwise be good rooms. It is economy in the best hill-tempered and free from nervous irri-iard rooms to use first-class tips. Takes tability A good run in the fields, or a room having from tifteen to twenty even in the streets, if there is no better tables, and the item of tips is a hig one. place, will often be the means of mak. In a year it will reach at least \$250 to ing a disagreeable child a source of \$300.

"Ordinary leather is not used in the Whatever the cause of psevishness manufacture of billiard tips. A very may be it should be got rid of not only choice quality has to be used, and it is in order that the present comfort of the tanned and otherwise prepared by a specially may be insured, but in order that made in this country. They come most-ly from Paris, where much care is used in proparing thom. Paris turns out the best tips in the world. There is a loss, however, to the purchaser in the very best tips of about 10 per cent, because of imperfect ones. A flaw is generally the result. It is found in the pasted section holding the leather tip proper to its base. A tip with a flaw in it makes a very unsattafactory one." - Pittsburg

> Where Same Emigrants Come From. I visited the vineyards at A'conte, in Siefly, which are 500 acres in c dent, and where some 110 men, under a surveyor, were tranching the ground in one long line. They were a poor looking lot, but appeared to use their implements, which are more like axes than spades, to good purpose. When they do not, at each times as English eyes are not upon them, the surveyor's stick or whip plays pretty freely about their backs, I believe, and without vigilance they will not work at all. They come from their villages on Monday morning and return on Saturday night. They are ledged, receive three meals, and about eightpence a day. The first two meals are given in the vineyard, such man having a sardine, a hunch of excellent bread, and a "pull" at the wins barrel. The third most, be-fore disminal in the yers at night, con-sists of porridge, served in a trough,

POSSIBILITIES OF ELECTRICITY.

A Straight story.

There was a one legged man at the Brush street depot the other day who was asking for alms, and who claimed that his leg had been bitten off by a shark. One of the man accossed looked him over and said:

"I saw you in fluffalo about a month ago, and you then told me that an alligator bit your leg off."

A Straight story.

When this invention is perfected there will be no more of the old style duals in Kentucky, and it will less its reputation for blood spilling. Two gentlemen will engage in a dispute, and one will challenge the other to a bout with electric canes. Two latteries of equal strength will be selected along with the other apparatus. Facing each other, they stand with crossed canes, and at a signal agreed upon each endeavors to prod "I saw you in Cleveland last week, and the other with the plant of his weapon.

Finally one receives the shock and is stretched out. There are no black eyes, no ugly sword or bullet wounds, and the fallen man is not dead. Besides, the law has not been violated, and in a day everything is lovely.-Louisville Times.

Not Expect Linguists.

I went into a store to look at some Eastern hangings. A very pleasant young woman attended to my requests, and I saked her what they called the and I named her what they called the variety of hangings I was examining. "Doories," said she. I asked her how the word was spelled. "D-h-n-r-d-e-s," she spelled, and added, "I suppose they were named after Doory lane. They are Indian, aren't they?" This struck me as even more remarkable than a reply I ones received from a girl at Macy's on inquiring there for a certain French comonce received from a girl at Macy's on inquiring there for a certain French confection. After a good deal of explanation on my part she finally seemed to get the idea, and turning somewhat contemptuously to a little cash girl standing by, she bade her fetch a "can of Marion glaze." This reminds one of the man who went to an English costumer to get a Heart IV costume for a finey dress

Hens That Ate Gold. Even the hens at Byron have caught the gold fever. Two men got a pan of mixture supposed to contain about \$2 worth of the procious metal and set it under the stove to dry. The next morning two her i wandering about in search of good things ventured in through the door. Spying the pan they at once helped themselves to every bit of yellow they could find and probably went away wondering at the poor tasts of mankind who could prefer that kind of fodder to other themselves. yellow corn .- Bangor (Me.) Letter,

Travels of a Cap. An Oldtown manufacturer bought a cap for his little boy in Banger, and at once recognized the cloth of which it was made as a product of his own factory. The cloth was sold to New York parties who sold to Philadelphia manufacturers who made it into eaps and sold them to Boston wholesalers from whom the Bangor merchant bought .- Lewiston Jour-

Mr. Haden, the great English etcher, spent two fours on bis well known plate, "The Agamemnon." He has realized. I am told, over \$50,000 from the cale of prints from this plate.

Bridget Doody, the Mineral Point (Wis.) centenarian, and who was undoubtedly the oldest person in the United States, died Ang. 18 at her home in the above named city after a brief illness. She had been a resident of Mineral Point for years. The Rev. James D'Rosfe wrote to her native parish in Ireland some years ago and received information in return on the indisputable remarking in return on the indisputable parish that she was born in the year 1770. She was therefore 120 years old at the time of her death.—Cor. St. Louis Glube Demourat. Dond at 180.

A Baratoga correspondent writes that the bells of the springs this year was the omskirted Bickwood, Ter., a ustural Miss Julia Moreston. She rides down curioslip, the like of which is perhaps to broadway to a tailor made habit of light, be found newware also in the world. This person, a slik hat notting squarely on the coll of her dark brown hair. There is coll of her dark brown hair. There is coll of her dark brown hair. There is colling appriximates about Miss Morocini," he adds. "She is well put up, and there is plenty of avoidupois. She sits tory of its supension is that numerous ber plump chestaut mare with great dig.

and the man add of the present of the supension is that numerous the man and looks straight about between it does not be the present of the supension is that numerous the man and looks straight about between it does not be the present of the supension is the numerous that are the present of the supension is the numerous that are the present of the supension in the supension is the numerous that are the supension in the supension is the numerous that are the supension in the supension in the supension is the supension in the supension in the supension is the supension in the supension in the supension is the supension in the supension in the supension is the supension in the supension in the supension is the supension in the supens ber plump chestnut mare with great dignity, and looks straight abead between
the mare's sers. At exactly the proper
distance the groom in a bull cost, corderey know breeches and top boots, follows
upon a stout bay galding. He has a
cockade on the hat and he carries a riding
whip braced against his side at just the
correct angle. When Miss Moresini
trots the groom trots, and when Miss
Moresini cauters the groom canters. The
chestnut mare and the bay galding are
usually alleved to walk down Broadway between the hotels at a dress parsele
gatt. When size turns into a side street gatt. When she turns into a side street Miss Morosini touches the mare, and

away the procussion goes. the groom is young and handsome, with a fine Hibernian tint on his smooth bill, and the one to whom it was a small bill, and the one to whom it was due to be traveling in Europa. The fresh faced groom is in no danger. Miss Julia will never wound the family pride as Virginia did. Miss Julia is her father's own girl."

Airy Rooms for Working Girts. The Metropolitan Bell Telephone com-pany has just completed arrangements for the benefit of the girls in its employ. A large survey sitting room has been provided, with wide windows, affording

has two recesses a day known as "re-liefs." The "Central" then makes herself comfortable with book or fancy work or "abstract's food. Rooms clean and airy more often catches a little nap.

One portion of the dressing room is obvided into lockers, every girl having one to herself. All this is to sharp contrast to the semi-dark basement, the rows of pegs, with daugling lasts and eacks, and

Dignified Mill Hands. The best class of factory girls in the Union are thought to belong to the Norfolk mills. The black sheep has yet to be found and the smallest soundal writlen about these blithesome and beautiful southern girls. Most of them are Virginians by birth, prond as their ancestors ever were and hopeful of winning a better place in the industrial world than they now dignify. No foreman or super-intendent would dare to address one of the haughty maidens by her first name. When enrolled on the books she refuses to give her Christian name, "What namer" was saked a newcomer in a wool-en mill recently opened. "Miss Clayton."

"And your Christian name?"
"That is an impertinent inquiry. I wish to be known in the mill as Miss wemen.-Norfolk Letter.

work all over the American continent sons from to alawfully dentice in or hund line, or unlawfully dentice in unlaring or and reap accial as well as financial success. The lady confines herself to draw the room interpretations of Deem's dramas. She dresses in "Beau Brummel" and Josephine gowns; the odor of the lawfull of the late of the lawfull of the late of the lawfull of the late of the violets clings to her draperies; she tip-tilts her chin; throws her ayes, slopes her shoulders in the most graceful way and never raises her voice above the gentle conversational pitch. Her only "properties" are a small stand and a slipper and richtly, Grant and Dona Ana counties how Mexico. chair. Mrs. Winslow is a very winsome lady, and if the whinsical public does not stick a pin in the Ibsen balloon she will be the rage next winter.—New York

Miss Clough, principal of Newham, who has the honor of being intor to the Seniora Wrangler, is the sister of Arthur flugh Glough, the London poet. It was Miss Clough who managed the campaign when the university scuate of Cambridge in 1881 was asked to open the doors to women students. The and the opposition went to pieces by a vote of 32 against 626. That was Feb. 24, 1831, and every anniversary of that day has been celebrated with special honors and favors for Miss Clough, who led the victory.-Ezshange.

To Care Black Beads. Pink wants to know how to cure en larged pores of the face, black heads and dark rings round the eyes. All three symptoms combined show a system vary much out of order. There must be immediate and thorough reform in habits, course, leastive diet and medicines, washing the face with horaz water many times a day, and when dry rubbing it softly but firmly with a rubber hand-

This is a nice thing for the complexion This is a nice thing for the complexion in all cases, whether to remove the shiny look left by washing with soap and to give the velvety finish (which it does better then channols skin) or to clear the enlarg a pores of secretions. Mild friction with it improves the action of the skin and reduces the pores. Hackheads indicate a constipated condition, complete relief of which is the only permanent cure for these unsightly spots. The dark circles round the eyes will probably disappear with the other symptoms.—Shirley Dars.

An Anhurn business man was surprised the other day to see an old custome come fute his store and pay him a bill with interest, which was contracted the procession goes have noted that forty years ago when he was doing busi-com is young and handsome, with new in another town.
